Take Guidelines to the assembly floor. Change the word Guidelines to Protocol
Motion made by Rick, Seconded by Charles, Motion passed

Dan talked next about a survey for tapes and CD conference approved literature. The survey he took was handed out to his group. He gave us the results of the survey and asked us if we wanted to take it to our Groups and the AWSC? The consensus was not yet, as it needs to be rewritten before we presented it to the AWSC.

Dan will email us the survey and we will discuss the survey at the next assembly committee meeting. He will pass on the information to the next action committee coordinator.

Motion to adjourn made by Shirley, approved unanimously
